ABSTRACT

***AMIR BIKI**: The Working Environment of Members of the People's Representative Council at the Secretariat Office of the Gorontalo Regency Council. Supervised by, **APRIS ARA TILOME** as the first supervisor and **SAKBIR** as the second supervisor.*

This study aims to determine the Working Environment of Members of the People's Representative Council at the Secretariat Office of the Gorontalo Regency Council. The type of research used is Descriptive Qualitative. The results of the study indicate that the working environment is a reference in the workplace, such as with a working atmosphere that builds a conducive atmosphere, by communicating, coordinating and respecting each other, having relationships with colleagues even though they are from different parties and different programs, they remain compact, because all this they do to build Gorontalo. However, the availability of work facilities is not optimal, there are still many inadequate facilities such as parking spaces, meeting rooms and narrow living rooms

***Keywords:** Working Environment, Members of the People's Representative Council*
