DAFTAR PUSTAKA

As, M., & Subhiyakto, E. R. (2025). *Performance Comparison of Random Forest , SVM , and XGBoost Algorithms with SMOTE for Stunting Prediction*. *9*(4), 1163–1169.

Aziz, H. Al, & Santoso, H. A. (2025). *Model Prediksi Stunting Anak di Indonesia Menggunakan Extreme Gradient Boosting*. 1072–1085. https://doi.org/10.33364/algoritma/v.22-1.2289

Bin, Q., Rahman, A., Senathirajah, S., & Haque, R. (2022). *Predictors Of Patients ' Satisfaction Based On Service Quality Dimensions*. *13*(9), 10336–10343. https://doi.org/10.47750/pnr.2022.13.S09.1211

Bunga, Z., Pratama, P., Astuti, Y. P., Studi, P., Informatika, T., Komputer, F. I., Nuswantoro, U. D., & Forest, R. (2025). *Perbandingan Metode Machine Learning (Linear Regression , Random Forest , dan XGBoost) dalam memprediksi Kemiskinan di Jawa Tengah Tahun 2024 Comparison of Machine Learning Methods (Linear Regression , Random Forest , and XGBoost) for Predicting Poverty in Central Java in 2024*. *14*, 2492–2499.

Cao, K., Liu, C., Yang, S., Zhang, Y., Li, L., & Jung, H. (2025). *Prediction of cardiovascular disease based on multiple feature selection and improved PSO-XGBoost model*. 1–12.

Elvina, F., Nadya, P., Ferdiansyah, M. F. I., Setyaning, V. R., Sri, C., & Aditya, K. (2024). *Implementation of Feature Selection Strategies to Enhance Classification Using XGBoost and Decision Tree*. *11*(1), 187–194. https://doi.org/10.15294/sji.v11i1.48145

Ilmiah, K. T., Kesehatan, K., Indonesia, R., Jenderal, D., Ksehatan, T., Kesehatan, P., Palangka, K., & Keperawatan, P. S. D. (2022). *Gambaran tingkat kepuasan pasien terhadap pelayanan kesehatan di puskesmas menteng palangka raya*.

Langi, S., Winarti, E., Kadiri, U., & Timur, J. (2023). Pengaruh Kualitas Pelayanan terhadap Kepuasan Pasien (The Effect of Service Quality on Patient Satisfaction). *Jurnal Ilmu Medis Indonesia (JIMI*, *3*(1), 31–39. https://doi.org/10.35912/jimi.v3i1.2870

Lasarudin, A., Hasyim, W., Dumako, R., Gorontalo, U. M., Keputusan, P., & Masyarakat, K. (2022). *Analisis Kepuasan Masyarakat Terhadap Layanan Siaran RRI*. *4*(4), 483–490.

Mubarok, M. H., & Septian, F. (2025). *Prediksi GDP dengan RF dan XGBoost Berdasarkan Aspek Sosial , Ekonomi , dan Lingkungan*. 338–346.

Mufidah, H. (2024). *No Title*.

Purwati, N., Harieska, W., & Safitri, E. (2024). *Prediksi Pasien Pusat Kesehatan Masyarakat Menggunakan Machine Learning Community Health Center Patient Predictions Using Machine Learning*. *12*(3), 578–583. https://doi.org/10.26418/justin.v12i3.80135

Rahmadani, H., Nurmawaty, D., Wahidin, M., & Shorayasari, S. (2024). *Gudang Jurnal Multidisiplin Ilmu Gambaran Kepuasan Pasien Terhadap Pelayanan Kesehatan Rawat Jalan Di Puskesmas Marga Mulya Kota Bekasi Utara Tahun 2024*. *2*(September), 18–23.

Rahman, M., Darwin, C., & Amin, M. I. (2025). *Identifying key influencers of patient satisfaction using an explainable machine learning approach*. 1–11.

Rayadin, M. A., Musaruddin, M., & Saputra, R. A. (2024). *Implementasi Ensemble Learning Metode XGBoost dan Random Forest untuk Prediksi Waktu Penggantian Baterai Aki*. *5*(2), 111–119.

Safitri, D., & Fitri, T. A. (2024). *Indonesian Journal of Computer Science*. *13*(1), 4763–4775.

Saputra, P. A., Irawan, S. S., & Prianto, R. (2025). *Analisis Faktor Dominan Minat Beli Generasi Z di Shopee Menggunakan Algoritma Naïve Bayes*.

Thanh, N. D., Thi, B., Anh, M., Xiem, C. H., & Anh, P. Q. (2022). *Patient Satisfaction With Healthcare Service Quality and Its Associated Factors at One Polyclinic in Hanoi ,*. *67*(November), 1–8. https://doi.org/10.3389/ijph.2022.1605055
